# Dodge comes on big for '65

What does Dodge do after two record-breaking years in a row? Go for a third. Dodge comes on big for '65, with four brand-new cars that are big, quick, fresh . . . backed by the strongest warranty\* in the business. See them.

'65 Dodge DODGE DIVISION CHRYSLER MOTORS CORPORATION

'65 POLARA: Beautiful way to leave the low-price field. Inches bigger and a lot better-looking than anything near the price. Why settle for less? Why, indeed? Ask for Polara at your Dodge dealer's.

'65 DART: The Dodge-size compact. If you'd like to live a little, we'd

like to let you in on something big-Dodge Dart for '65. Big beauty. Big comfort.

Big ride. And big savings. At your Dodge dealer's now.

'65 CORONET: A hot new Dodge at a new lower price. An all-new car that's as comfortable as a standard-size Ford or Chevy, yet priced with Fairlane, Chevelle. Refreshing new styling. Oceans of room. Coronet '65-drive it.

HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: \*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS 100:
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: the following maintenance services are required under the warranty—change engine oil every 3 months. The following maintenance services are required under the warranty—change engine oil every 3 months for 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air of 4,000 miles, whichever comes first; replace oil filter every 6 months furnish evidence of this required filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chryslar Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's milease. Simple enough for such important protection.

'65 CUSTOM 880: If elegance were spelled in numbers, this would be it. From exclusive 6-window sedan to elegant convertible, this one will wear well with your appreciation of luxury and your sense of good taste.

### Noted Animal Husbandman To Speak to Area Ranchers Oct.

mechanical control of mesquite.

es will be Dr. Butler.

started immediately to:

By Kirby Clayton "Dr. Jan Cornelis Bonsma of South Africa, possibly the foremost animal husbandman in the world, is expected to astound ranchers when they hear him next month at Throckmorton," says County Agent Kirby Clayton.

Since 1955, Dr. Bonsma, a reproductive physiologist, has headed the Department of Animal Science at the University of Pretoria, Republic of South Africa. He currently is at A&M University, where he is is teaching for a year in the Animal Husbandry Department.

The occasion at Throckmorton will be the 1964 field day of the Texas Experimental Ranch just off U.S. Highway 183, 10 mile north of Throckmorton 20 miles south of Seymour.

Clayton said that several ranchers and other livestock producers probably would attend the October 1 field day, and that he was inviting all interested persons to the event.

"By merely looking at a cow," explained Clayton "can Dr. Bonsma tell ranchers whe ther the animal will be highly reproductive or a 'shy breeder' or whether she will be a nonbreeder throughout her lifetime. He will peg several cows in such a manner for the hundreds of gusts at the ranch."

The October 1 program begins at 9 a.m. and ends at 3 p.m., and will be hosted by the ranch manager, Dr. William J. (Dub) Waldrip of the Texas Agricultural Experiment Sta-

During the morning session, guests will board busses for tours of the ranch and to inspect at first hand grade Herefords and pastures under various experimental treatments, "suspension" fancing, and the control of mesquite by chemi-

#### Nine Clubs Have Delegates at HD Council Meeting

The Jones County Home Demonstration Council met for the September meeting in the office of Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. Mrs. H. H. Windham presided in the absence of the council chairman, Mrs. Elmer Joiner, who was in Houston attending the State Home Demonstration Conven-

Nine clubs were represented with 13 members and four visitors. Visitors included Miss Fern Hodge, District III Extension Agent, and Mrs. Barbara Dunaway, who is in training as Junior Assistant Agent in that

Council officers for the coming year elected were: Mrs. H. A. Haynes, council chairman; Mrs. Cal McAnish, vice chairman; Mrs. Abb Hunter, secretary; and Mrs. J. E. McCoy. treasurer.

Clubs will turn in their reports at the October meeting.

Before plastics came into use, one American piano maker of piano keys.

Alathean Class Meets with Former Teacher in Abilene

Members of the Alathean Sunday School Class of the First Baptist Church went to Abilene Wednesday, Sept. 16, for their regular monthly business and social meeting. They met in the home of a former member and teacher, Mrs. Tate May, who recently moved to

A book of poetry, "Leaves of Gold" was presented to Mrs. May by the class.

Attending were Mrs. George Pruitt, Mrs. J. C. Farmer, Mrs. Revis Robertson, Mrs. Coy, Mrs. Fred B. Mool Mrs. Pinky Evans and Ir

Darla Hilton, granddaughter of Mr. and Mrs. Jack Gray, returned to Hamlin Sept. 8, after a summer vacation in Japan with her parents, Mr. and Mrs. H. M. Hilton. While in Japan Darla toured the main islands of Honhu and Hokkaido. After returning to the United States she visited in San Francisco, Calif., and Denver, Colo, before used the tusks of over 100,000 coming to Hamlin. She is now elephants in the manufacture at the University of Texas, where she is a sophomore.

The semi-fastback styling of two-door models in Buick's 1965 line is epitomized in the Wildcat with its longer hood, lower, onger rooflines and short rear deck. Three inches have been added to the hood by increasing the wheelbase from 123 to 126 inches for improved riding and handling. Overall length remains approximately the same as last year. A new cross-flow radiator design permits lowering the hood line on all models in LeSabre, Wildcat and

Electra 225 series. The stainless steel five spoke wheels shown on the Wildcat are op tional equipment. The Wildcat is powered by a 401-cubic inch high compression V-i engine with four-barrel carburetor. Option al power plants-for outstanding perform ance-include a 425-cubic inch engine with either one or two four-barrel carburetors The Super Turbine 400 torque converte transmission or floor-mounted four-spee gear box are optional on the Wildcat

Other partici-Townley Jr., reporter; Mary Marganet Turner, historian; Nancy Ford; and Mrs. Charles Scott, advisor.

Hostesses for the coffee were Mrs. Edgar Duncan, Mrs. Jack Townley, Mrs. LaFoy Patterson, Mrs. Cliff Reynolds, and Mrs. J. C. Turner. Mr. and Mrs. B. V. Newberry were also fifty Spanish students found present.

#### Mrs. Jerry Smith Honored with Coffee August 27

Mrs. Jerry Smith, the former Mary Margaret Maberry, was honored shortly before her fossil remains was a 130,00-lb. marriage with a coffee Aug. 27 brachlosaurus whose leg bone hosted my Miss Lola Milstead, Mrs. S. A. Teague, and Mrs. E. N. Jenkins in the Jenkins' home. Former school mates of Mrs. Smith were guests.

Guests were greeted on arrival by Gloria Jenkins. She presented them to Mrs. Smith, Mrs. Willard Maberry, the honoree's mother, and Mrs. Grady Smith, mother of the groom.

The refreshment table was laid with a white drawn-work and embroided linen cloth sent to the hostess from Japan by Joyce Hudson, a former Hamlin resident. The centerpiece was in a silver chafing dish and featured an arrangement of flowers and grapes in pink and white, the bride's chosen colors. Other appointments were in silver and crystal.

Miss Betty Robertson and Mrs. Bobby McCurdy of Abilene assisted in serving.

A large gift package to the honoree had in place of the traditional bow, an arrangement of a dish mop, rubber gloves, and a chore girl.

Other guests weits. Joyce Smith, Sandra Jayroe, Lou Ann Hawkins, Lagena Weaver, Dottie Albritton, Sue Johnson, Ann Johnson, Judy Fitzgerald, Karen Lennemon from Albany, and Mrs. Murl Don Smith.

### **BCD Committees Having Active Program Year**

Committees of the Hamlin Board of Community Development have taken an active approach to the year's responsibilities. Enthusiasm and good attendance have been evident in the committee meetings, according to a report by Mrs. Ned Moore, BCD secretary. She said the committee members were combining their talent into one main purpose, that of making Hamlin a better

place to live and make a living. At the board meeting last Tuesday, Foster Cook., general chairman for the annual banquet, announced the date for the annual affair for January 15, 1965. The speaker will be Dr. Charles W. Jarvis of San

The trade development committee, B. O. Bell, David Casey and Lee Hastings, initiated several new projects including a welcome to newcomes by letter and gifts. They are also stressing the importance of keeping the streets clear for customers parking by insisting that the business people and employe's use the parking lots and parking space provided in the rear of the businesses. Named to assist this committee with the Christmas plans were Ned Moore and Lewis Madden.

Ernest Williams, chairman of the industrial development committee reported that several manufacturers in Hamlin would have porducts on display in the lobby of Abilene Savings association, Abilene, during the Industrial Panorama Oct. 5-9. Those taking part in I the display are Celotex Corpo-

ration, Plains Oil Mill, Hamlin Division; Pied Piper Publishing Company, Pied Piper Mills and L. H. McBride, maker of the cotton bale wall clock.

Ned Moore, chairman for highways and water resources announced that National Highway Week would be Oct. 4-10. "Mobility: Your Fifth Freedam" is the theme and speakers are available to service clubs by contacting the Abilene office. He also said that attendance at tourist attractions across the state the first half of 1964 were up 15%.

Rev. Cecil Stows, past president of the Hamlin Ministerial Alliance, reported on the city's welfare fund. The BCD voted to give the fund \$100 to help transients who are in need.

Lewis Madden, chairman of the extensive education campaign in the proper use of the United States flag, is urging the increased use of the flag on national and state holidays. A booklet which contains the correct display, care and etiquette of flags is being made available to every member of a civic or women's club. Speakers are available on this subject from Dyess Air Force Base.

A welcome was extended to W. Theo Johnson and John Scarborough, new members.

Mrs. H. C. Porterfield of San their mother and grandmother, PAGE SIX Bernardino, Calif., and Mrs. Mrs. Ed Bailey, during Home-Leslie M. Cole and Mary Les- coming. Mrs. Porterfield is the

### Beautiful New Chevrolets for 1965

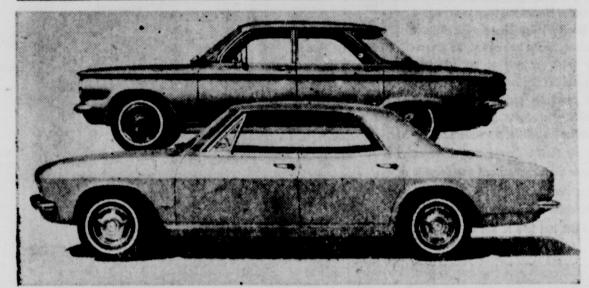

Leading the beauty parade of 1965 cars is the elegant Chevrolet Impala Sport Coupe (above) with new flowing lines, new roominess and a distinctive profile. Stylish roof lines and curved side windows in four series. The public announcement date for blend with the gracefully contoured rear quarter all Chevrolet-built passenger cars is September 24.

panels. The new Impala Convertible features an inward folding top with tempered glass rear window. The regular-size Chevrolet is available in 15 models

Continental elegance prevails in

### Completely Restyled Corvair Line

The two Corvair Monza Sedans shown above are related, but their appearance is decidedly changed. Since its introduction in 1959 the Corvair line has retained a family likeness that has not been substantially changed until the advent of the 1965 models. The original body design of the 1964 Monza

4-Door Sedan (top) poses in sharp contrast to the smooth continental flowing lines of the 1965 Monza Sport Sedan. The new sedan is 3 inches longer and over 2 inches wider; offers more roominess and many mechanical innovations. Public announcement date for these new cars is September 24.

## Chevrolet Uttering 45 Models in Five Lines

#### Completely New 1965 Chrysler Cars TRAVEL TALK are Longer, Roomier, More Powerful

Chrysler cars for 1965 are completely new automobiles with a longer wheelbase, increased interior room, more powerful engines and improved riding comfort.

The 1965 Chrysler is all new in its metal sculpture. door Town Sedan, a New Yorker two-door hardtop and a New Yorker Town Sedan. These additions give Chrysler 17

The new models in three series

New Yorker, the Sports 300, ineluding the 300L, and the Newport

have a wheelbase of 124 inches, an increase of two inches over

#2.9 inches.

"The 1965 Chrysler is the most beautiful car we ve ever offered," said P. N. Buckminster, general manager, Chrysler-Plymouth Division. "We expect the 1965 models to further improve Chrysler's share of the big car market which continues to be a strong and important segment of the industry."

\*\*Refination of the New Yorker and 300 series.\*\*

17 MODELS OFFERED

The 1965 Chrysler line consists of 17 models in three series, nine of the models available with a reclining front passenger bucket seat, and optional front seat head rests. LONG, LOW LOOK

and low. The lower part of the ody has a long, gently arching tape. The Newport and 300 two-por hardtops have convertible-pe roof lines. All models have ull-length fender lines, accentuating the impression of lowness

Among the new styling features are extra side windows in the New Yorker and Newport fourdoor Town Sedans, giving them a total of six side windows. The two extra windows are in the rear roof quarter panels, providing a distinctive styling appeal. All models have curved glass side

MORE ENGINE POWER

To provide improved perform ance on regular grade gasoline, a shield wiper and washer system 383-cubic inch engine with a 9.2 which provides a larger wiped to 1 compression ratio and two area, new heating and ventilating barrel carburetor is standard in the Newport series, replacing the 361-cubic inch engine used in 1964 Newports. A high performmotion, and an improved high ance 383-cubic inch four-barrel ium fuel engine is available

The 300 series again has a 383cubic inch engine with a four-barrel carburetor and a compres-by a 5-year or 50 thousand-mile sion of 10 to 1, using premium warranty on eng fuel. The New Yorkers have a re-

fined version of the 413-cubic inch engine which improves car

performance.

The 300L has a high performance version of the 413-cubic inch with a special camshaft and dual exhausts. This engine is also optional in the New Yorker and 300

The volume Newport economy series has a full range of body types — two-door and four-door hardtops, sedans, and town se-dans, two-seat and three-seat station wagons and a convertible. The 300 sports series cars are available as two-door and four-

door hardtops and as a converti-ble. The 300L is available as a two-door hardtop or convertible.
The New Yorker series, the luxury leader of the line, includes a new two-door hardtop, a town sedan, a four-door hardtop and two-seat and three-seat station

NEW MOTORING AIDS

Among the major improvements designed to offer greater conveni-ence are new parallel blade windsystem making use of side cow capacity air conditioning system for a more rapid cool-down and better distribution of cool air

As with 1963 and 1964 models, warranty on engine and drive

### Writer Reports Bible Lands Trip as Being 'Unforgetable'

By Hulin Fowler

ginning with this article, Mr. Fowler will describe his experiences in the Holy Lands. For answers to your travel questions, write Mr. Fowler in care of this newspaper.

only one trip in a lifetime, it should be the Holy Lands.

a year since I was in Damascus, I can still experience the awe and wonderment that I felt while walking the "Street Called Straight", which Paul walked in the first century. One cannot visit the tombs of the Egyption kings, nor view the 4,000-year-old artifacts in Cairo's Ekyptian Musium, without feeling that he has been trans-

The Bible Lands, even without their important historical and religious significance, woud be of interest to the vacationist. In this Middle Eastern area he can enjoy some of the most beautiful seaside resorts luxurous hotels and dine on the most exotic foods.

Yet, it is in religious and historical influence in these regions that amazes the traveler. Only a few hours from New York, he enters into a world of contrasts. He is in a land at once both historical and history-making. His feet are on land once trod by Christ, Moses and Mohamed.

The vistor can still view strong evidences of the founding of those religions - the Mosque of Omar, the Wailing Wall of the Jews and of course, Calvary, the Mount of Olives and other still-standing sites of the activities of the early

The contrast of the old and the new will amaze and delight side of a dusty lane in Egypt or gen.

Jordan, an ox laboriously pull-Editor's Note: In a series be- ing an ancient wooden plow drawn harvester labors away at a harvest brought on by modern agricultural skills.

The city streets of the lands are filled with a curious mix-I am thoroughly convinced ture of people dressed in the that if the traveler can take flowing robes of the time of Christ, and modern European and American dress. Ox-drawn Although it has been almost carts, donkeys, chicken and pigs mingle in First Century streets with luxurious European and American made automo-

In the market places, the babble of many tongues is reminjscent of ancient times, but the modern influence has been strong. In Lebanon, much of the language is that of the French who occupy the counported, magically, for back into try, and of the Americans who established the American Uuiversity at Beirut and gained a strong ally in the Lebanese. Jordan has been influenced by the English, in language, dress, and culture.

And the visitor will find an extreme contract in climates in the world, stay in the most and terrain. Lebanon, which means "snow capped mountains",is lush and beautiful. It may have been the land mentioned in the Bible as that of 'milk and honey". Syria, Egypt and Jordan are mostly desolute and arid but with occasional breathtaking beauty and much history making up for this lack. Parts of Israel are green and verdant with the results of modern irrigation methods.

To visit the Bible Lands the tourist needs only a passport, visas and health card showing that he has received a smallpox vaccination. If he has these and a lively curiosity about the cradle of our civilization - the trip will be one he will never

Next week: Cairo.

Pure water is a compound of

### Now on display: the most beautiful Chrysler ever built.

This is Chrysler '65. The big one that delivers. Luxury that reflects your good taste, for one thing. A fast answer to your demands, for another.

Look at it. Clean-lined. Big. Beautiful. Eighteen feet of comfort. Two tons of security. Called Chrysler.

It's easier to get into and out of. There's lots of headroom, and legroom and hiproom.

Get in and drive it. The first thing you'll notice is best described as "scorch." Model 1965 is a very quick automobile.

And there's an improvement in ride you can really feel.

One more point. A Chrysler isn't all that expensive. Seven Newport models are actually priced just a few dollars a month more than some of the most popular smaller cars.

Visit your Chrysler dealer and see them all: economical Newport; sportsbred 300; and the luxurious New Yorker. Move up to Chrysler. Model 1965. The man who sells them will make it easy.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about

We changed the Buick a lot this year. And you may never be the same again yourself.

We doubt you'll want to be the same. Not once you set eyes on our new Buicks. On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera. And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture.

True, there's a new high-style touch. But that's hardly all. Engineering still has the emphasis. It's a Buick tradition. So are the extras Buick spends a little extra on. Like finned brake drums that do a little better. And smoother drivelines. A tuned suspension to smooth ribcage roads. Now add Buick's Super Turbine transmissions-and you have an idea of what Buick owners have always liked about Buick. We think you'll feel the same.

# Dodge comes on big for '65

What does Dodge do after two record-breaking years in a row? Go for a third. Dodge comes on big for '65, with four brand-new cars that are big, quick, fresh . . . backed by the strongest warranty\* in the business. See them.

'65 Dodge

DOOGE DIVISION CHRYSLER MOTORS CORPORATION

'65 POLARA: Beautiful way to leave the low-price field. Inches bigger and a lot better-looking than anything near the price. Why settle for less? Why, indeed? Ask for Polara at your Dodge dealer's.

'65 DART: The Dodge-size compact. If you'd like to live a little, we'd

like to let you in on something big-Dodge Dart for '65. Big beauty. Big comfort.

Big ride. And big savings. At your Dodge dealer's now.

'65 CORONET: A hot new Dodge at a new lower price. An all-new car that's as comfortable as a standard-size Ford or Chevy, yet priced with Fairlane, Chevelle. Refreshing new styling. Oceans of room. Coronet '65-drive it.

"HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: \*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive water pump, transmission case and differential, and rear wheel bearings. REQUIRED MAINTENANCE: shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: shaft, universal joints, rear explices are required under the warranty—change engine oil every 3 months. The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change, clean carburator air office every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required services are Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage, Simple enough for such important protection.

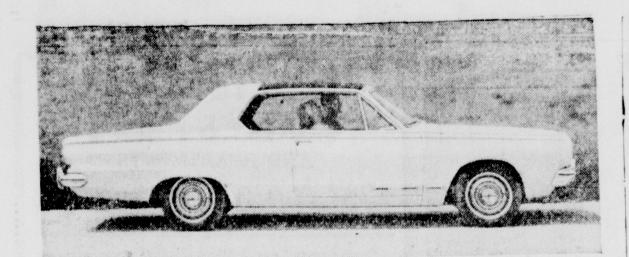

'65 CUSTOM 880: If elegance were spelled in numbers, this would be it. From exclusive 6-window sedan to elegant convertible, this one will wear well with your appreciation of luxury and your sense of good taste.

### Noted Animal Husbandman To Speak to Area Ranchers Oct.

started immediately to:

By Kirby Clayton "Dr. Jan Cornelis Bonsma of to research in the chemical and seeding and parasite control. South Africa, possibly the foremost animal husbandman in the world, is expected to astound ranchers when they hear him next month at Throckmorton," says County Agent Kirby Clayton.

Since 1955, Dr. Bonsma, a reproductive physiologist, has headed the Department of Animal Science at the University of Pretoria, Republic of South Africa. He currently is at A&M University, where he is is teaching for a year in the Animal Husbandry Department.

The occasion at Throckmorton will be the 1964 field day of the Texas Experimental Ranch just off U.S. Highway 183, 10 mile north of Throckmorton 20 miles south of Seymour.

Clayton said that several ranchers and other livestock tend the October 1 field day and that he was inviting all interested persons to the event. "By merely looking at

cow," explained Clayton "car ther the animal will be highly reproductive or a 'shy breeder' or whether she will be a nonbreeder throughout her lifetime. He will peg several cows in such a manner for the hundreds of gusts at the ranch."

The October 1 program begins at 9 a.m. and ends at 3 p.m., and will be hosted by the ranch manager, Dr. William J. (Dub) Waldrip of the Texas Agricultural Experiment Sta-

#### Mrs. Jerry Smith Honored with Coffee August 27

Mrs. Jerry Smith, the former Mary Margaret Maberry, was honored shortly before her fossil remains was a 130,00-lb. marriage with a coffee Aug. 27 brachlosaurus whose leg bone hosted my Miss Lola Milstead, was recently found in Colorado. Mrs. S. A. Teague, and Mrs. E. N. Jenkins in the Jenkins' home. Former school mates of Mrs. Smith were guests.

Guests were greeted on arrival by Gloria Jenkins. She presented them to Mrs. Smith, Mrs. Willard Maberry, the honoree's mother, and Mrs. Grady Smith, mother of the groom.

The refreshment table was laid with a white drawn-work and embroided linen cloth sent to the hostess from Japan by Joyce Hudson, a former Hamlin resident. The centerpiece was in a silver chafing dish and featured an arrangement of flowers and grapes in pink and white, the bride's chosen colors. Other appointments were in silver and crystal.

Miss Betty Robertson and Mrs. Bobby McCurdy of Abilene assisted in serving.

A large gift package to the honoree had in place of the traditional bow, an arrangement of a dish mop, rubber gloves, and a chore girl.

Other guests werls. Joyce Smith, Sandra Jayroe, Lou Ann Hawkins, Lagena Weaver, Dottie Albritton, Sue Johnson, Ann Johnson, Judy Fitzgerald, Karen Lennemon from Albany, and Mrs. Murl Don Smith.

of Total Performance for '65

The 1965 Ford is the most-changed in the 15-year history of Ford Division. The traditional, round Ford taillight is replaced by a modernistic hexagonal shape in keepng with the crisp, elegant look of the new Ford. Luxury styling is combined with a luxary car ride described as so smooth and so quiet the heater and air conditioner fans had to be moved into the engine compartment because their low-toned whirr was distracting. A luxurious new Ford Galaxie 500 LTD series (above) features an interior of quality and style previously obtainable only in higher-priced cars. Five separate roof lines are offered with interior and exterior trim features to give greater distinctiveness to each of the 17 models than ever before.

The complete line of 1965 Fords - two- and four-door hardtops, sedans, convertibles and station wagons - will be introduced in Ford dealer showrooms on Friday,

padded rectangular hood that more than 10 years in develop-

### **BCD** Committees **Having Active Program Year**

Committees of the Hamlin Board of Community Development have taken an active approach to the year's responsibilities. Enthusiasm and good attendance have been evident in the committee meetings, according to a report by Mrs. Ned Moore, BCD secretary. She said the committee members were combining their talent into one main purpose, that of making Hamlin a better place to live and make a living. At the board meeting last Tuesday, Foster Cook., general chairman for the annual banquet, announced the date for the annual affair for January 15, 1965. The speaker will be Dr. Charles W. Jarvis of San

The trade development committee, B. O. Bell, David Casey and Lee Hastings, initiated several new projects including a welcome to newcomes by letter and gifts. They are also stressing the importance of keeping the streets clear for customers parking by insisting that the business people and employees use the parking lots and parking space provided in the rear of the businesses.

Named to assist this commit-

tee with the Christmas plans

were Ned Moore and Lewis

Madden. Ernest Williams, chairman of the industrial development committee reported that several manufacturers in Hamlin would have porducts on display in the lobby of Abilene Savings association, Abilene, during the Industrial Panorama Oct. 5-9. Those taking part in the display are Celotex Corpo-

lishing Company, Pied Piper Mills and L. H. McBride, maker of the cotton bale wall clock. Ned Moore, chairman for

highways and water resources announced that National Highway Week would be Oct. 4-10. "Mobility: Your Fifth Freedam" is the theme and speakers are available to service clubs by contacting the Abilene office. He also said that attendance at tourist attractions across the state the first half of 1964 were up 15%.

Rev. Cecil Stows, past president of the Hamlin Ministerial Alliance, reported on the city's welfare fund. The BCD voted to give the fund \$100 to help transients who are in need.

Lewis Madden, chairman of the extensive education campaign in the proper use of the United States flag, is urging the increased use of the flag on national and state holidays. A booklet which contains the correct display, care and etiquette of flags is being made available to every member of a civic or women's club. Speakers are available on this subject from Dyess Air Force Base.

A welcome was extended to W. Theo Johnson and John Scarborough, new members.

#### Completely New 1965 Chrysler Cars are Longer, Roomier, More Powerful

Chrysler cars for 1965 are completely new automobiles with a longer wheelbase, increased interior room, more powerful engines and improved riding comfort.

The 1965 Chrysler is all new in its metal sculpture. Added to the line are three new entries: a Newport fourdoor Town Sedan, a New Yorker two-door hardtop and a New Yorker Town Sedan. These additions give Chrysler 17 models in 1965.

The new models in three series New Yorker, the Sports 300, in- fined version of the 413-cubic eluding the 300L, and the Newport -have a wheelbase of 124 inches, an increase of two inches over 1964 models, and an over-all length of 218.2 inches, an increase with a special camshaft and dual

beautiful car we've ever offered," said P. N. Buckminster, general manager, Chrysler-Plymouth Di-"We expect the 1965 models to further improve Chrysler's portant segment of the industry." LONG, LOW LOOK

The new Chrysler look is long and low. The lower part of the body has a long, gently arching shape. The Newport and 300 twodoor hardtops have convertibletype roof lines. All models have full-length fender lines, accentuating the impression of lowness

Among the new styling features are extra side windows in the New Yorker and Newport fourdoor Town Sedans, giving them a total of six side windows. The two extra windows are in the rear roof quarter panels, providing a distinctive styling appeal. All models have curved glass side NEW MOTORING AIDS

MORE ENGINE POWER

To provide improved performance on regular grade gasoline, a 383-cubic inch engine with a 9.2 to 1 compression ratio and two barrel carburetor is standard in the Newport series, replacing the 361-cubic inch engine used in 1964 Newports. A high performance 383-cubic inch four-barrel premium fuel engine is available in the Newport.

The 300 series again has a 383cubic inch engine with a four- all 1965 Chrysler cars are covered barrel carburetor and a compres- by a 5-year or 50 thousand-mile sion of 10 to 1, using premium warranty on engine and drive fuel. The New Yorkers have a re- train components.

TRAVEL TALK-

### Writer Reports Bible Lands Trip as Being 'Unforgetable'

Editor's Note: In a series beginning with this article, Mr. Fowler will describe his experiences in the Holy Lands. For answers to your travel questions, write Mr. Fowler in care

I am thoroughly convinced should be the Holy Lands.

of this newspaper.

I can still experience the awe and wonderment that I felt while walking the "Street Called Straight", which Paul walked in the first century. One cannot visit the tombs of the Egyption kings, nor view the 4,000-year-old artifacts in Cairo's Ekyptian Musium, without ported, magically, for back into

The Bible Lands, even without their important historical and religious significance, would be of interest to the vacationist. In this Middle Eastern area he can enjoy some of the most beautiful seaside resorts luxurous hotels and dine on the most exotic foods.

Yet, it is in religious and historical influence in these regions that amazes the traveler. Only a few hours from New York, he enters into a world of ry-making. His feet are on land once trod by Christ, Moses and

The vistor can still view strong evidences of the founding of those religions - the Mosque of Omar, the Wailing Wall of the Jews and of course, Calvary, the Mount of Olives and other still-standing sites of the activities of the early

The contrast of the old and the new will amaze and delight | Pure water is a compound of side of a dusty lane in Egypt or gen.

ing an ancient wooden plow while, on the other, a tractordrawn harvester labors away at a harvest brought on by modern agricultural skills.

The city streets of the lands are filled with a curious mixture of people dressed in the that if the traveler can take flowing robes of the time of only one trip in a lifetime, it Christ, and modern European and American dress. Ox-drawn Although it has been almost carts, donkeys, chicken and a year since I was in Damascus, pigs mingle in First Century streets with luxurious European and American made automo-

In the market places, the babble of many tongues is reminiscent of ancient times, but the modern influence has been strong. In Lebanon, much of the language is that of the feeling that he has been trans- French who occupy the country, and of the Americans who established the American Uuiversity at Beirut and gained a strong ally in the Lebanese. Jordan has been influenced by the English, in language, dress.

And the visitor will find an extreme contract in climates in the world, stay in the most and terrain. Lebanon, which means "snow capped mountains",is lush and beautiful. It may have been the land mentioned in the Bible as that of 'milk and honey". Syria, Egypt and Jordan are mostly desolute and arid but with occasional breathtaking beauty and much history making up for this lack, Parts of Israel are green and verdant with the results of modern irrigation methods.

To visit the Bible Lands the tourist needs only a passport, vaccination. If he has these and a lively curiosity about the cradle of our civilization - the trip will be one he will never

Next week: Cairo.

### Now on display: the most beautiful Chrysler ever built.

This is Chrysler '65. The big one that delivers. Luxury that reflects your good taste, for one thing. A fast answer to your demands, for another.

Look at it. Clean-lined. Big. Beautiful. Eighteen feet of comfort. Two tons of security. Called Chrysler.

It's easier to get into and out of. There's lots of headroom, and legroom and hiproom.

Get in and drive it. The first thing you'll notice is best described as "scorch." Model 1965 is a very quick automobile. And there's an improvement in ride you can really feel.

One more point. A Chrysler isn't all that expensive. Seven Newport models are actually priced just a few dollars a month more than some of the most popular smaller cars.

Visit your Chrysler dealer and see them all: economical Newport; sportsbred 300; and the luxurious New Yorker. Move up to Chrysler. Model 1965. The man who sells them will make it easy.

### What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to

# Announcement:

### Ford Motor Company introduces an entirely new kind of Mercury for 1965... now in the Lincoln Continental tradition

We predict that many people seeing a 1965 Mercury for the first time will automobile has ever wonder: "What car is that?" Mercury is that new. The look is new. Completely. come so near in luxury Low, sleek, beautifully proportioned. (Notice the long, low proportions of the to the high-price class.

hood, the full-width grille, the unique front pillar lights.) The ride is new. It's smoother, solider, quieter. Inside, there's a wide selection of options for personal customizing - luxury features once reserved only for the most expensive cars. The idea behind all this newness is to bring you the most luxurious, best-riding car in its field . . . a Mercury that reflects the Lincoln Continental tradition. See how well the idea works-at your Mercury dealer's. No medium-price

We changed the Buick a lot this year. And you may never be the same again yourself.,

We doubt you'll want to be the same. Not once you set eyes on our new Buicks. On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera. And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture.

True, there's a new high-style touch. But that's hardly all. Engineering still has the emphasis. It's a Buick tradition. So are the extras Buick spends a little extra on. Like finned brake drums that do a little better. And smoother drivelines. A tuned suspension to smooth ribcage roads. Now add Buick's Super Turbine transmissions-and you have an idea of what Buick owners have always liked about Buick. We think you'll feel the same.

Wouldn't you really rather have a Buick

The Industrial Foundation -

**Tool for Community Development** 

In little more than ten years Industrial Foundations have been established in 182 Texas communities. These are communities — both large and very small

in securing new industry.

FOR PROGRESS.

- which have recognized the vital need for a community financing group

Called by various names, the Industrial Foundation is a community-wide

organization with the prime objective of creating payrolls. Its functions vary

ment funds for the land, brick and mortar required for new industry.

It is one of the best ways to show favorable community attitude towards

new industry or to help finance the expansion of an existing local industry.

By having community money invested in an industry the community becomes

The Community Industrial Development Foundation is another PATTER!

WTU's area development representatives have information about the creation of industrial foundations. These facts are available to growth conscious com-

more interested in seeing that the industry profits and grows.

munities on request through your WTU local manager,

from community to community, but basically its purpose is to provide develop.

The 1965 Rambler lineup includes the widest lights and numerous other styling changes. The selection of models in American Motors' history Classic line for 1965 has a distinct curbstone with convertibles offered for the first time in the identity - as do the Ambassador and American completely-restyled Classic and Ambassador lines-and includes a full selection of two- and series. Shown is the Classic 770 convertible which four-door sedans, station wagons and hardtops,

features a new horizontal fine-line grille, dual in addition to the new convertible model. More horizontal headlights, horizontal wraparound tail- powerful six-cylinder engines are added in 1965.
